

# STABBINGBACK NEWS

Second edition  
March 2010

Well Hello again friends. There have been many developments in the world of STABBINGBACK. So lets get started...

## Redeemer (Special Edition Recording)

We are proud to announce that we intend on having duplication of the new album done by July and hitting the shelves shortly after. Things are definitely moving forward now. As always, we will need everyone's help in getting the new tunes out to everyone. Up until now we have always relied on word of mouth to be the primary vehicle for promotion. Well, with any luck, we may soon see the fruits of our labor. We love you all for sticking with us thru the thick and thin.

## Gigs!

As you all know we have intentionally chosen to ease up on gigs so we don't over saturate the market. But that's not to say we don't always have something planned. The next show will be on Sat. July 17 at "Fuel" in Seattle. It will be the first show with the all new line up. We will be playing with our good friends "Darkest Grace" and "Hate My Grave". There is a chance more will attend, we'll let you know.

## Band Members

Here is the new Line up in the Band:

Gage - Vocals and Guitar

Mitch - Lead Guitar

Jesse - Bass

John - Drums and Vocals

We hope to see you all out there on July 17th so we can give them a proper initiation.
